

Congress Faces Battles Right From the Start

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — With Christmas over, Congress members will start arriving soon for the new session which may open with battles in both House and Senate.

The 86th Congress convenes Jan. 7 with much bigger Democratic majorities than the 85th Congress of 1957-58.

Normally a new Congress gets off to a slow start but this time things look different.

In the Senate, a lengthy fight is shaping up over a move by Northern Democrats and Republicans to curb filibusters. Southern Democrats in the past have used unlimited debate to block civil rights legislation.

Senate Republicans also are embroiled in a family quarrel. Group which views the present GOP command there as behind the times is pushing a rival slate for top leadership posts.

In the House, a bloc of self-styled liberals wants to limit the power of the Rules Committee to bottle up legislation. Under present House rules, that committee can keep most bills from the floor almost indefinitely.

Unless a compromise is reached ahead of time, this fight will be settled on opening day.

Another controversy confronting the House involves the disputed election of Dr. Dale Alford, a Little Rock segregation leader, to replace Rep. Brooks Hays (D-Ark), an avowed moderate on the segregation issue.

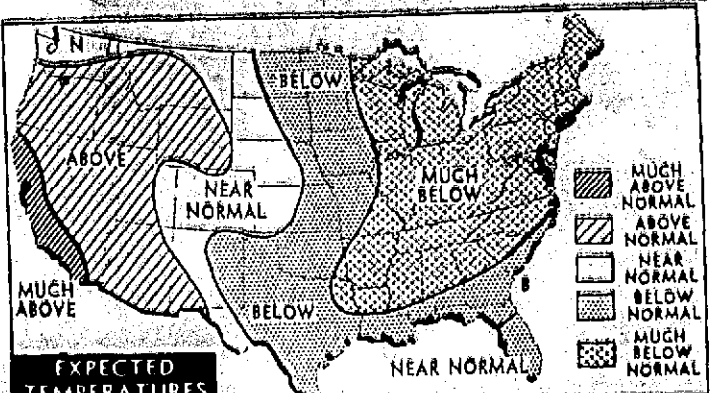

A special House committee recently conducted a preliminary probe of charges that irregularities figured in Alford's victory as a write-in candidate. The committee recommended Alford not be seated pending a fuller inquiry by a regular House committee.

Unless the case becomes an out-and-out civil rights issue, Alford probably will be permitted to take his seat on Jan. 7.

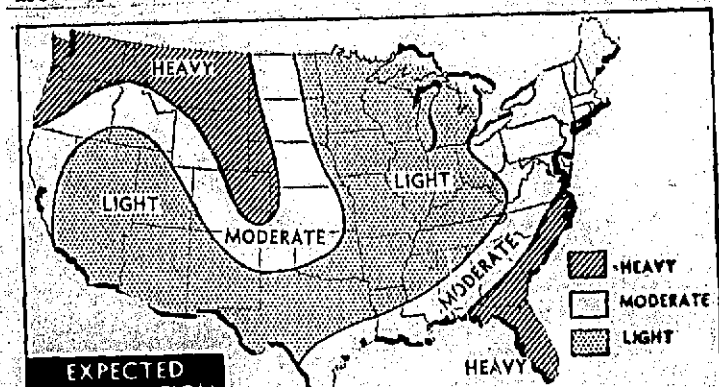

These controversies aside, it probably will be at least a month before any legislation of consequence reaches the floor of either chamber.

The House must completely organize from scratch. The Senate, with two-thirds of its membership holdovers, has fewer organizational problems.

Senate Republicans must select a new leader to replace William F. Buckley Jr. Continued on Page Three

Temperature outlook for the 30-day period of mid-December to mid-January calls for below seasonal normals over the eastern half of the nation except for near normal in Florida. Above-normal temperatures are expected to prevail west of the Continental Divide. In the central plains, about normal temperatures are in prospect, but with large variations about the normal.

The Weather Bureau's 30-day forecast for precipitation in the period of mid-December to mid-January shows normal or above normal in the East, along the Gulf Coast and over the eastern Great Lakes. In the North, much of this will be snow. This also holds for the Pacific Northwest and central and northern plains. Subnormal precipitation is expected in the rest of the country.

Can't Believe Mother Had His Wife Killed

VENTURA, Calif. (AP) — A young attorney appeared today at a grand jury investigation of his attractive wife's slaying, and said: "I find it fantastic to believe that mother is involved in Olga's death."

The lawyer, Frank Duncan, dressed in a somber charcoal suit, told newsmen in the hall outside the hearing room that his mother, Elizabeth Duncan, could not kill anything "that could be an animal."

The district attorney charges that Duncan's mother hired two men on the installment plan to murder her daughter-in-law, Olga Duncan, 30, who was pregnant. Her body was found last Sunday in a shallow grave police said the killers scooped out by hand. Authorities say the mother was intensely jealous of her daughter-in-law.

Duncan, who practices in nearby Santa Barbara, said he left his apartment in that city and moved to Hollywood when he heard on the radio that his wife's body had been found.

"I could do nothing. My wife was dead," he said. "I didn't want to talk to reporters or anyone. I just wanted to get away."

Mrs. Martin Will Direct Mother's Drive

Mrs. J. B. Martin, Mothers March Chairman for 1959, has named the Mothers March Captains for the drive in January to be climaxed on the 29th by the city-wide door-to-door collections by mothers.

The 1959 March of Dimes Campaign has been expanded to include care and study of birth defects, arthritis, and various diseases, along with continued care, aid, and research in polio.

Mothers March Captains, each responsible for a portion of the city and surrounding area will be Mrs. Paul McClellan, Mrs. Lynn Harris, Mrs. Jewel Moore, Jr., Mrs. Billy Dan Jones, Mrs. Charles Gough, Mrs. Bob Westbrook, Mrs. Alvin Reynolds, Mrs. Dennis Ross, Mrs. Bob Herndon, Mrs. Eugene White, Mrs. Dub Flowers, Mrs. Don La Fantasia, Mrs. Bill Gunter, Mrs. Andy Andrews, Mrs. George McMoran.

Mrs. Dorothy Schnipper of Texarkana, Arkansas, State Women's Activities Director, will be at the preparation meeting for the Mothers March Captains to be held at the Diamond Cafe at 7 p. m. Monday night, December 29th.

NORRISTOWN, Pa. (AP) — Nancy Duddy, of Norristown, already has made one New Year's resolution. She will read the Christmas cards she sends to her friends before sending them.

Jack Carnes of Camden Succumbs

HOT SPRINGS, Ark. (AP) — Arkansas businessman and philanthropist Samuel J. Carnes, former chairman of the state Racing Commission, died yesterday at a Hot Springs hospital.

Carnes, 62, had been seriously ill for the past several years. A resident of Camden, Carnes amassed a fortune as an oil operator. He had extensive holdings in real estate and owned the Camden Pottery Co. of Camden, which distributes products throughout the world.

His widow, Mrs. Gressie Carnes, is the state's National Democratic committeewoman.

Carnes had lived in Arkansas since 1938. He was born at Cambridge, Ohio, and educated at Muskingum University in New Concord, Ohio, and Massachusetts Institute of Technology.

Carnes was active in civic work and was a past president of the Camden Chamber of Commerce. Funeral services will be held at the Carnes residence in Camden at 11 a. m. tomorrow.

President of College Is Missing
MARSHALL, Mo. (AP) — Dr. M. Earle Collins, president of Missouri Valley College, has been missing since early Christmas Day.

His wife notified police when he failed to return from Christmas Eve church services.

But a son-in-law, Jamie Hogue, said: "We are not worried about him. He said Dr. Collins, 55, had planned to leave Thursday for Springfield, Mo., where the school's football team plays East Texas State in the Tangerine Bowl Saturday."

However, he had planned to leave on an afternoon from Kansas City. Hogue said Dr. Collins apparently changed his mind, and caught an early morning train at Springfield, Mo., instead.

Dr. Collins, car was found near the railroad station in Springfield. A ticket agent, Doyle Jones, identified a picture of Dr. Collins as that of a man who produced a Frisco Railroad pass for travel to Birmingham. The agent said the man then purchased a ticket from Birmingham, Ala., to Orlando, showing identification to obtain a ministerial discount. Missouri Valley is a Presbyterian college and Dr. Collins is a church elder.

Redcap Dillard Watson also recognized the picture and said the man had asked him where to find the Orlando car on the train. Conductor W. F. Wood and porter Ernest Goodwin who took the train to Memphis said they did not recognize the picture. Wood said he would remember anyone traveling on a pass.

A reporter and the station master at Birmingham went through the train from Springfield when it stopped there Thursday night but did not find Dr. Collins.

Later, Hogue said the family believed the college president may have left the train at Memphis and caught his trip by air. But a search in Memphis for him was unsuccessful.

"We feel he knows what he is doing and will arrive at Orlando as he planned," Hogue said.

At Orlando, Coach Yolney Ashford of the Missouri team said he believed Dr. Collins was en route to Orlando by train which is due in at 1 p. m. (EST).

Traffic Deaths Mounting Fast, Record Likely

By THE ASSOCIATED PRESS
Traffic deaths in the first quarter of the long Christmas week-end, taking a sharp upturn Thursday, were running at a higher rate than the nation's all-time record for any holiday.

Safety experts expressed alarm over the slaughter on the highways. They said unless motorists are "shocked into better behavior" a new death toll record may be set.

The rate of fatalities was more than seven per hour since the count started at 6 p. m. local time Christmas Eve. It was far higher than the National Safety Council's pre-holiday estimate of 620 deaths during the 102-hour period which ends at midnight Sunday.

The count also was at a faster clip than for a comparable period during the 1956 four-day Christmas record of 708 traffic deaths which ended at midnight Sunday.

As the toll shot upward the council said: "It's up to the driver to pull down this toll in homeward bound travel. Christmas is traditionally the most dangerous period of the year because of heavy traffic and highball hilarity."

The council estimates 40 million cars will have been on the highways when the holiday period ends. It cautioned homeward driving conditions could be much worse than during the first part of the holiday. Weather conditions since Christmas Eve have been favorable for driving in most parts of the country, with highways virtually free of ice and snow.

Burglars Loot Local Store of \$1,500 in Guns

Burglars hit the Copeland Hardware Company here early Christmas morning and stole mostly guns and ammunition, valued at from \$1200 to \$1500. City Police announced.

The burglars entered the building through a side door. They broke out a window and never bothered to open the door, passing the loot through the broken window. There were at least 20 guns missing, an undetermined amount of ammunition and from \$20 to \$30 in cash.

Police Chief Jack Brown said the final check of the night was made at 4 a. m. Mr. Copeland discovered the burglary at 8 a. m. City and State Police continue the investigation.

Chief Brown said several stores in this area had been hit by gun thieves recently. He said they rarely took anything but guns as they are expensive and easy to sell.

Cuban Rebels Boast About Havana March

HAVANA, Cuba (AP) — A Cuban rebel leader boasted today that insurgents soon will be in Havana.

His broadcast prediction came as the Cuban government, seemingly near paralysis for a possible sufficient army, faced a Cuban military reverse in central Cuba which could mark a decisive turning point in the two-year civil war.

The army appears unable to mount a sustained counteroffensive anywhere in this revolutionary country. The rebels, under Fidel Castro, have scored several successes in the central Cuban province of Las Villas. They now are virtually encircling Santa Clara, capital of Las Villas, and threatening to slice Cuba in half.

In Cuban government circles, the United States is being blamed for this deteriorating situation as having in effect intervened on the side of the rebels by maintaining an embargo on shipment of arms to President Fulbright's Batista's government.

Ballon Lands on Venezuela Coast

CARACAS, Venezuela (AP) — The Venezuelan Civil Aeronautics Department received an unofficial report today that the balloon Small World had landed on the Venezuelan coast near the mouth of the Orinoco River.

The department sent air and land patrols to investigate.

The balloon, with four Britons aboard, cast off from the Canary Islands two weeks ago in an effort to drift across the Atlantic to the British West Indies. One of the passengers was a woman.

School Closing Case Before State Court

LITTLE ROCK (AP) — A test of Gov. Orval E. Faubus' authority to close the Little Rock public high schools against integration reached the Arkansas Supreme Court today.

An appeal was lodged with the court from a lower court decision upholding legality of a legislative act under which Faubus last September shut down the four high schools rather than permit partial desegregation. At a referendum against Little Rock residents voted against reopening the schools on an integrated basis.

The schools remain closed. A special session of the Arkansas Legislature last August passed a law giving Faubus authority to close schools in any district threatened with integration.

A suit filed in the name of Mrs. Gertrude Garrett as a Little Rock taxpayer attacked the law as unconstitutional.

Accidental Death Toll in State Is Five

By THE ASSOCIATED PRESS
Springdale had its first fatal traffic accident in nearly four years today, as the Arkansas highway death toll rose to six for the Christmas holiday period.

Kenneth Wayne Piner, 21, of Gentry, was killed instantly in a head-on car-truck collision at the intersection of U. S. Highway 62 and 71 in south Springdale.

The city had gone 1,382 days without a traffic fatality.

State Police have predicted 11 persons will die in the Christmas period which began at 6 p. m. Wednesday and ends at midnight Sunday.

Piner's automobile and truck driven by William J. Bowlin, 33, of Springdale collided at the intersection. Bowlin and his brother, Gordon, 31, were treated at a Springdale hospital for painful lacerations.

Two pedestrians were struck and killed in Brinkley last night.

State Police said Mr. and Mrs. Sam Stalen, Negroes of Brinkley, were struck by a two-ton truck driven by Jeffrey Hullum, 20, also a Negro of Brinkley.

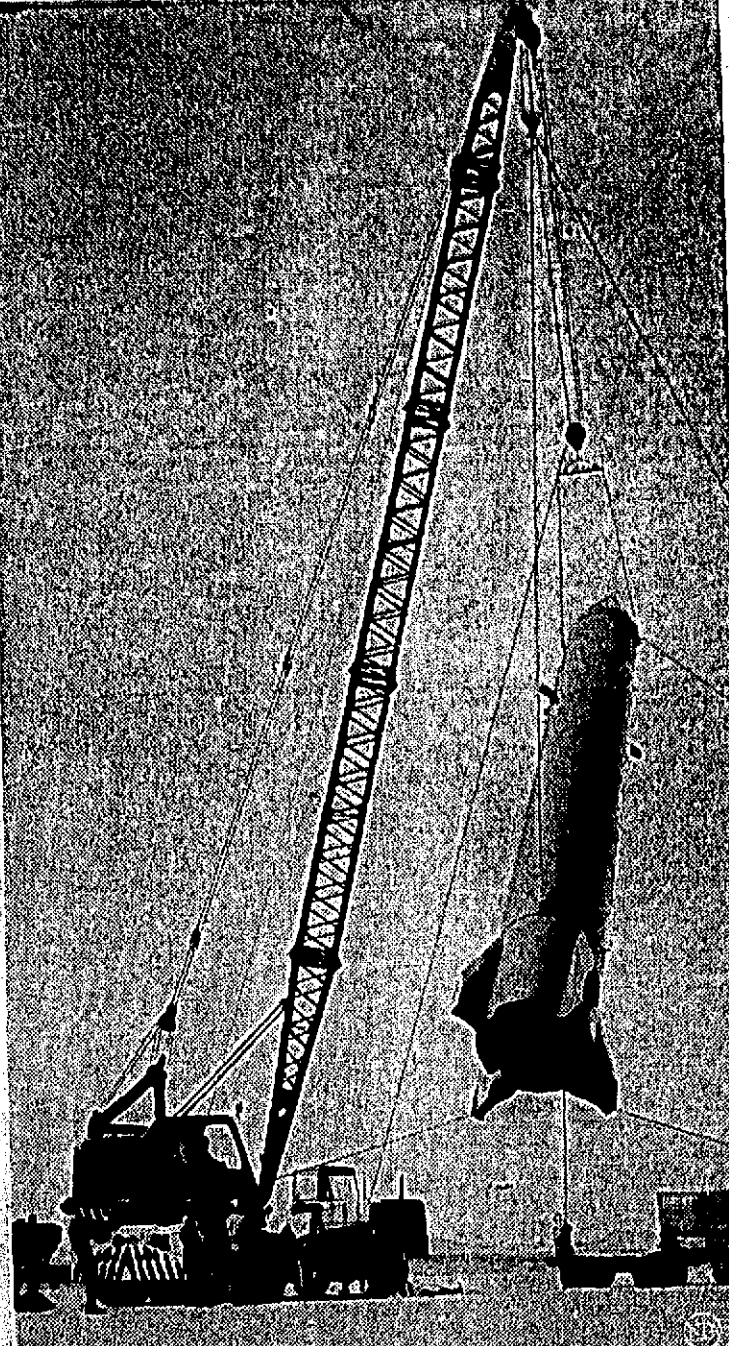

Stalen was 70, his wife 82.

A four-year-old Negro boy, Roosevelt Atkinson of North Little Rock, was killed instantly when a pickup truck crashed off state Highway 30 and overturned near North Little Rock yesterday afternoon.

State Police said the truck was driven by Joseph Williams, 27, year-old Negro of North Little Rock.

The state's first reported fatal accident during the holiday period occurred near Harrisburg a few hours after the grim count began Wednesday.

Two persons were fatally injured when a car plunged off a bridge on a rural road and smashed to the ground 40 feet below.

Dying Mother Will Return to England

ST. LOUIS (P) — A return to England has been promised to a young mother dying of blood cancer in a hospital ward here.

Doctors say English-born Mrs. June Walter, 22, will die soon.

Her husband, Charles, 25, presented joyous news to June on Christmas Day.

The Military Air Transport Service will fly June home so she may realize her most fervent wish—to die on her native soil.

"I knew God would answer my prayers if I waited long enough," June said through lips swollen by her ailment.

Charles, an aircraft firm employee, described his wife as a "go home" because of this financial burden.

"I'm a little happier. As soon as I can get the young boy vaccinated, I'll let her go. I've got to lose her one way or another."

June intends to take her two sons, Robert Glenn, 2, and Dennis Wayne, 10-months, on the plane.

The departure hasn't been set, but the commanding officer of MATS, Lt. Gen. William H. Tunner said.

"We'll take her any time she wants to go."

June, in the four and one-half months of her illness, has lost 31 pounds. She weighs about 80. The 5-foot, 10-inch mother is plagued by high fever and an inability to chew solid food.

She and Charles met in 1954 when he was in the American Army stationed near Cheltenham, Gloucestershire, which is June's home. They married in 1955 and came here.

James P. Duffy, the British consulate here and Congressman Thomas Curtis (R-Mo) asked the military to help June.

Home is only hours away now—if her strength holds out.

At Least 45 Persons Die in Christmas Fires

By THE ASSOCIATED PRESS
Christmas holiday fires brought tragedy to families in many parts of the nation. Fathers, mothers and children lost their lives during what was to have been one of the happiest times of the year.

In all, at least 45 persons died as the result of flames which swept homes and lodgings. Five of the six members of one family were wiped out. In two other cases three children were killed. Dozens of other persons were injured, some critically.

AUBURN, POINT (AP) — Nine persons of a family of 12 died today in a fire which engulfed a farm home near here.

Five bodies were recovered two hours after the 3 a. m. (PST) blaze and fire department officers were sifting the ruins for four more.

Firemen said those listed as dead were Mrs. Oscar Hollenbach, 38, and eight children: Gale, 18, Donald, 17, Garry, 16, Sharon, 15, Patricia, 13, Mary Charlene, 8, Carl, 6, and Penny, 4.

The husband and father, Hollenbach, was burned only slightly. The two others escaping were, Wanda Hollenbach, 7, and a Mrs. Hightower, 80, presumed to be the mother of Mrs. Hollenbach.

Wanda Hollenbach and Mrs. Hightower were treated for burns at a hospital.

The cause of the fire was not determined immediately.

Five of the six members of a prominent Virginia family perished when flames swept their \$160,000 mansion in the fashionable Windsor Farms suburb of Richmond early today.

They were Horace A. Gray Jr., 48, director of the West Virginia Pulp & Paper Co.; his wife, Catherine, 47; two sons, Thomas, 17, and Foster, 13; and a daughter, Susan Lee, 10.

Another son, Horace A. Gray III, 22, had left the home a short time before the fire.

Two separate Pennsylvania fires each took the lives of three children.

An early Christmas morning fire killed the three children of Mr. and Mrs. Edward Dugan at Wilkes-Barre despite a desperate effort of their parents to save them. The children were Deborah, 4; Donald, 2; and Edward Jr., 1.

At the Pittsburgh suburb of Braddock, three youngsters in the Robert Fleicher family died in flames at their two-story home early today. They were Eddie, 7; Cary, 4; and Grace, 2 months.

The 42-year-old father and another child, Willie, 11, were critically burned. Mrs. Fletcher, 30, and other sons of 7 and 8 received less serious burns.

At St. Petersburg in western Pennsylvania, Paul Winger Sr., 52, and his son, Paul Jr., 3, perished in their flaming home shortly after eating Christmas dinner. Winger's wife and four other children in the family escaped. A sixth child was away.

Three persons were killed early today in a fire which swept the Admiral Inn, a two-story wooden lodging house at Northampton, Mass.

Mass Vaccinations For Small Pox

HEIDELBERG, Germany (AP) — Mass vaccinations were under way here today after an outbreak of smallpox in this headquarters city of the U.S. Army in Europe.

Nine persons, including three doctors and the secretary of a clinic, are ill with the disease. Two more who show similar symptoms are under observation. All are Germans. No deaths have been reported.

The disease was carried to Germany by a physician who returned here from India by plane.

A spokesman for the U.S. Army said no special vaccination was planned for American soldiers. Smallpox vaccinations are routine for military personnel.

Eastern Back to Talks With Its Engineers

Eastern Air Lines, having reached agreement with its striking machinists, returns to the bargaining table today with its striking flight engineers.

The line has been grounded for more than a month. Also out of commission is American Airlines, which is awaiting a decision by striking pilots on a seven-point settlement formula proposed by federal mediators. The company accepted it.

Chances are slim that the carriers will be operating in time to take care of a post-holiday transportation crush.

After the 5,300 striking members of the International Assn. of Machinists ratified the settlement with Eastern, George M. Brown, president of a Miami district of the union, said his members would not be asked to cross picket lines of any other union.

There has been no statement by Eastern that it would operate without flight engineers, required on planes with more than two engines.

When American's pilots walked off their jobs last Friday they claimed their wage range of \$400

to \$1,000 a month was below that of other lines.

The carrier says the new pact proposed by mediators would mean \$25,000 to \$30,000 a year for its pilots, making them the highest paid in the world.

American said the pilots also are demanding 10 hours less flying time a month when operating jets. The current work month is 85 hours.

Eastern's 530 flight engineers have been resisting a company demand that they qualify as pilots for jet operations.

Top Scientists Gather to Tell Developments

WASHINGTON (AP) — Top scientists gathered today to swap ideas and report developments that could have great significance as the world races into the space age.

One advance report indicated that U.S. weapons may have come up with a new type of hydrogen bomb — a lithium bomb packing a hydrogen-explosion punch at lower cost.

The report stemmed from observation of a strange air glow over the antarctic. This glow and a man-made aurora, the first ever sighted, were believed linked to U.S. atomic blasts last summer in the South Pacific.

The observation came during the 18-month International Geophysical Year, now drawing to a close.

IGY doings and other topics were among the 1,800 reports filed for presentation at the 125th meeting of the American Assn. for the Advancement of Science.

Christmas Is Over But New Years Is Close

By THE ASSOCIATED PRESS

Much of the world today let out its belt to accommodate Christmas overeating, continued its holiday into the weekend and looked forward to New Year celebrations.

An uneasy peace marked this year's observance of the birth of Christ. Despite threats of war from Moscow, there was only slight shooting on the world's two active war fronts — the Nationalist islands off the coast of Communist China, and Algeria, where the French have been battling a nationalist rebellion.

The tensions of the old year were temporarily shelved by the holidays.

But troops of the Western Allies and the United Nations were on watch, keeping the cold war cold.

American soldiers at the barbed wire barricades marking the Iron Curtain in Europe had hot turkey dinners brought to their posts. In other parts of Europe, U.S. servicemen entertained 75,000 orphans, refugees and hospital patients.

In Communist-ruled East Berlin, Julius Cardinal Doeflich preached a sermon attacking the Red regime. In his first appearance since he was named a cardinal of the Roman Catholic Church.

U.S. troops in Morocco heard a Christmas message from Dr. Edwin T. Dahlberg, president of the National Council of Churches. He told them to strive for an inner peace and added: "From this inner peace there could come the wider peace of the world for which all nations now wait."

The Roman Catholic archbishop of New York, Francis Cardinal Spellman, celebrated Christmas Masses for U.S. forces in Germany. He said: "More than we realize do we need the help of God for only God can quell the malice of his enemies and ours."

U.N. Secretary General Dag Hammarskjold paid his annual Christmas visit to troops of the U.N. Emergency Force in the Gaza Strip, keeping peace between Israel and Egypt.

It was a busy day for Pope John XXIII. After celebrating midnight Mass Christmas Eve in the presence of the diplomatic corps of the Holy See, he celebrated another at St. Peter's Basilica at noon. He then visited two Rome hospitals.

Later, receiving 60 orphans and 20 mutilated and crippled children in the Vatican, he broke down and cried. Smiling through the tears he told the children: "You know, in this life you only cry twice. The very young, and the old, they can cry."

Giant Theme Is 'Stop Unitas' Sunday p. m.

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — "Stop Unitas" was the New York Giants watchword today as they prepared for their final long work-out for the National League Football championship game against the Baltimore Colts Sunday.

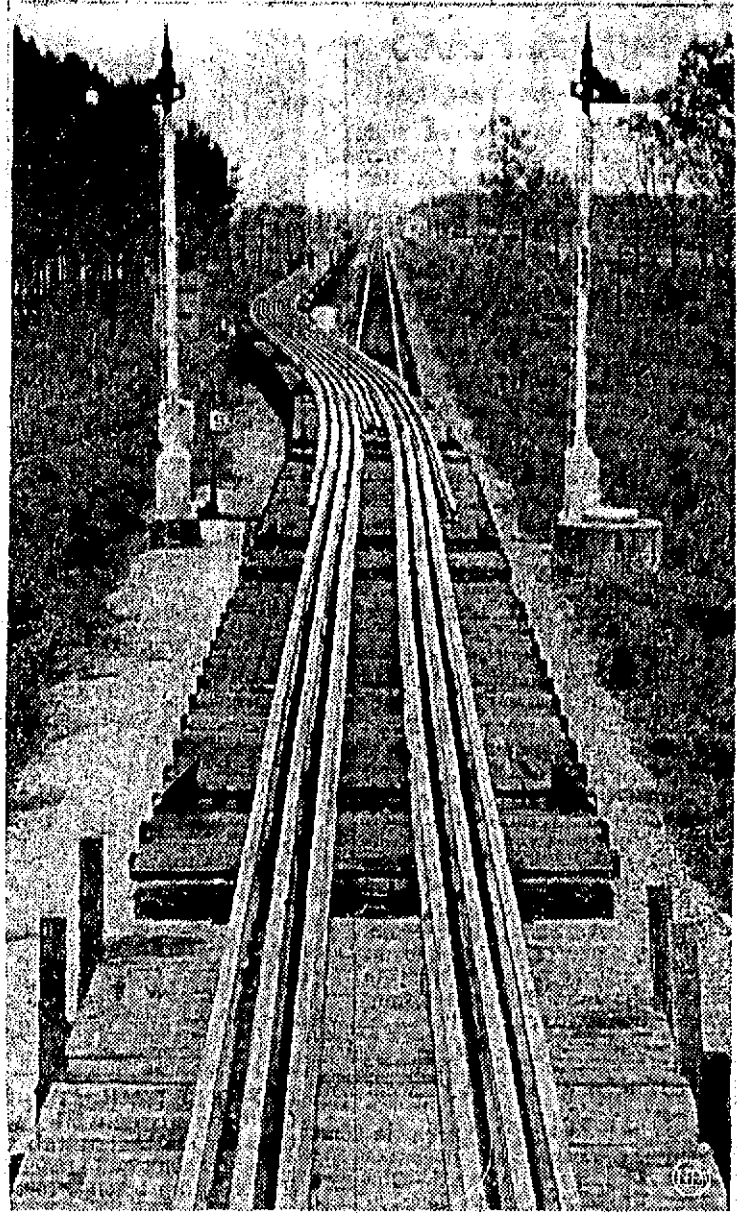

The scrimmage was designed to set up what Coach Jim Lee Howell hopes will be an impregnable defense against the passing of the Colts' star quarterback, Johnny Unitas.

That meant defensive coach Tom Landry's famous four-some—pass defenders Jim Patton, Cliff Livingston, Lihdon Crow and Emilen Tunnell—were in for some extra heavy work trying to knock down the heaves of Chuck Canary, Don Heinrich and Joe Kemp.

It is no secret that along with the Colts' massive forward wall, the Giants fear Unitas the most. They have not forgotten their 24-21 victory over Baltimore was achieved with Unitas on the sidelines, nursing a couple of cracked ribs. They are fully aware that Unitas has thrown at least one touchdown pass in his last 25 games, a league record.

The Giants are rightfully proud of the fact they did not permit the Cleveland Browns to throw a single touchdown pass, either in the final game of the regular season or in the playoff. The Giants won both by scores of 13-10 and 10-0. In the first game Jimmy Brown scored on a 65-yard run.

Despite the heavy concentration on Unitas, Howell isn't underestimating Alvin Ameche and Lenny Moore, whom he regards as two of the best running backs in the league.

NON-DANGEROUS CURVE—A quarter-mile of continuous railroad rail rides on 34 flat cars, so flexible that it follows curves as the train comes off a siding. The rails were welded by the new NCC continuous rail-welding system. Standard 39-foot length rails are fed into one end of a traveling welding car and emerge at the other end as continuous ribbons of steel on the flat-car train. Sponsors of the new system say welded rails will save millions of dollars in track installation and maintenance costs and in reduction of damage to rolling stock and freight caused by the "rock-and-roll" as car wheels click over the gaps between old-fashioned bolted rail joints.

Shrine Game May Be on Wet Field

SAN FRANCISCO, Calif. (AP) — Despite prospects of a wet field, look for a passing vs. running battle when East meets West in the Shrine's 34th annual charity classic tomorrow.

East Coach Duffy Daugherty announced his lineups today, and clearly the emphasis is on an East running game.

The offensive backfield consists of Bob Placock of Michigan at quarterback, Ohio State's Don Clark at the running halfback spot, Dick Haley of Pittsburgh at Tom Lorrino of Auburn, at right half, and Nick Pietrosante of Notre Dame at fullback.

Up front offensively, the East-ers, 6-1-2 point favorites, will have Jerry Wilson, Auburn, and Tom Franckhauser, Purdue, ends; Fran O'Brien, Michigan State, and Bob Novogratz, Army, tackle; Dan Frank, Ohio State, and Al Beyer, Notre Dame, guards, and Bernie Svendsen, Minnesota, center.

Porkers, SMU Open Play in SWC Tourney

By DON WEISS
Associated Press Sports Writer

Kansas State, a team with a lot of making up to do on the tournament level, gets its chance tonight as college basketball resumes with a vengeance from its Christmas lull.

The Wildcats, who turned woeful in the NCAA championship finals last March, meet Missouri in the Big Eight Conference's Holiday Tourney, one of four major tournaments.

This is the second wave of basketball's holiday hi-jinks, touching off a spree of festive competition that continues almost without interruption through the first week of January.

The BCCAC Holiday Festival at New York's Madison Square Garden opened with an afternoon doubleheader matching Cornell (4-1) with Utah (4-3) and St. Joseph's of Philadelphia (6-1), the favorite, against Syracuse (3-2). Tonight a pair of unbeatens, Dayton (6-0) and Niagara (5-0), have a showdown followed by Holy Cross (3-1) against St. Joseph's of New York (5-1).

First round play in the Southwest Conference Tourney had placed Texas Christian (5-1) against Baylor (4-3) and SMU (5-2) against Arkansas (2-3) in afternoon games, and a night doubleheader matching Rice (4-3) with Texas (2-4) and Texas Tech (4-2) with Teyas A&M (4-1).

The oldest of all the Christmas tournaments, the All-College at Oklahoma City, had an afternoon schedule of Wichita (4-3) vs. Bowling Green (2-3) and Tulsa (4-3) vs. Duquesne (2-4), and a night program of favored Xavier of Ohio (5-1) vs. Oregon (4-1) and Oklahoma City (5-1) vs. San Francisco (2-5).

Just to keep everyone happy, two more major and numerous smaller tournaments begin Saturday. Oregon State is the favorite in the Far West Classic at Corvallis, Ore., which also includes Brigham Young, only team to beat Kansas State this season, is favored over Dartmouth, Seton Hall and Canisius in the Queen City Tournament in Buffalo, N.Y., also beginning Saturday.

The Big Eight of Kansas City says its first round Iowa State today. Oklahoma meets Iowa State in the other game tonight. Saturday Kansas faces Colorado and Nebraska meet Oklahoma State. In each of the four big tournaments aren't enough, there's the Hooper

SMU Favored Over Porkers by Six Points

HOUSTON, Tex. (AP) — Texas Christian, with an all-senior starting lineup, was a strong favorite today as the Horned Frogs met Baylor in the opening round of the eighth annual Southwest Conference basketball tournament.

The defending champion Frogs, with a 5-1 season record, were 12-point favorites over a Baylor squad that had broken even in six games.

The second afternoon game, (4 p.m. est) matched last year's conference co-champions, Southern Methodist and Arkansas. Night pairings placed Rice against Texas and Texas A&M against Texas Tech.

SMU was a six-point favorite over Arkansas, and Rice was a 10-point favorite over Texas Tech, with a 5-2 record, was a 12-point favorite over an Aggie team that began the tournament with a 5-1 record, the best in Aggieland since 1921.

TCU won the tournament a year ago by defeating Rice, 57-55, on a field goal with 20 seconds to play by E. E. Kirschner, 6-foot-10 center from Houston. Also returning this year with Kirschner was Ronnie Stevenson, the Frog forward who was voted the outstanding player in last year's tournament. Stevenson also won individual scoring honors for the 1957-58 conference season with 28 points in 28 games.

Tomorrow night's semifinals will place the TCU-Baylor winner against Texas Christian (5-1) against Baylor (4-3) and SMU (5-2) against Arkansas (2-3) in afternoon games, and a night doubleheader matching Rice (4-3) with Texas (2-4) and Texas Tech (4-2) with Texas A&M (4-1).

The odds makers gave Tech the best chance of upsetting favored TCU for the tournament title, with the Red Raiders holding a narrow edge over SMU and A&M. A year ago Tech made its debut as a member of the Southwest Conference by upsetting SMU, 72-70, in the tournament's opening round. The Raiders then lost a 71-69 semifinal thriller to TCU. Two Raiders who made the 1957 all-tournament team were back today. They were Leon Hill, who has scored 110 points in six games, and Gerald Myers, who has scored 84.

The fourth 1957 all-tournament star back in action was Tommy Robitaille, the 6-foot-9 Rice center who currently is the conference's leading scorer with 150 points in seven games.

Colt Passer Confident He'll Be Right

BALTIMORE (AP) — Johnny Unitas, the rifle-armed passer for the Baltimore Colts, is sure he'll have his aerials on target for the big battle against the New York Giants Sunday.

One thing was evident in Christmas Day drills: Unitas' passes were evidently up to holiday hi-jinks. "The star quarterback who has completed on better than 50 per cent of his passes during the season was often hitting the dirt or sailing the ball like a satellite over the receiver."

Coach Weeb Ewbank was a bit disturbed but Unitas assured him, "Don't worry coach, I'll be all right."

Meanwhile, the Western Conference titlists of the National Football League brushed up on a special drill — their pass interception technique.

To help get his charges used to the Giant backfield men, Ewbank had offensive players wear jerseys with the same numbers worn by the likes of quarter back Charley Connerly and halfback Frank Giff.

Baltimore defenders managed to snare 35 enemy passes during the 12-game season for an average of almost three a game. The linebackers totaled a hefty 311 yards.

Andy Nelson and Raymond Brown were the most proficient interceptors. Each snagged eight. Nelson returned them for a total of 108 yards including a touchdown. Brown rolled up 143 yards on runbacks.

Classis beginning in Indianapolis with Purdue meeting Butler and Indiana facing Notre Dame tonight, and the Southern Evansville and Indiana State games, and Washington (St. Louis) and Evansville entered.

ROACH - HUGHES

HOW TO MAKE A NOSE CONE—Missile re-entry from space into the dense atmosphere of the earth calls for a nose cone that can resist terrific heat. A coating of tungsten, which has a melting point of over 6,000 degrees F., is shown being applied to a cone by a flame-coating process made possible by a high-heat arc torch. The tungsten particles, still in fluid or plastic state, strike the cone at near-sonic speed, are cooled at once by carbon dioxide, and form a hard, dense surface that bonds perfectly.
